THE CREATION STORY

We just finished our awesome Sunday school series on, The Creation Story. The kids have loved this series, and so have I. I was able to structure it in a way that even our youngest sprouts were learning about God's creation. We have developed a deeper understanding of the first story in the Bible through reading, journaling, crafting, experimenting and more. It was such a fantastic series!

A few things we took away from this series:

1. The difference between creating and making
2. God is all powerful
3. When God says it's good...It's good
4. The purpose of when and why God created things

We will be making our version of the Creation Story on the bulletin board below the stairs leading up to the sanctuary. Check it out in the coming weeks.
