Learn and Grow Together with Jesus

HEY! Come be a part of something special!!

I always look forward to the new school year. Who doesn't love school supplies shopping?? New backpacks, new clothes, new teachers, and new things to learn!

I hope that all of our families have been able to transition from the relaxation of summer into a steady (yet probably busier) school year routine. I know I'm still trying to get the hang of it! As we head into the fall months and holiday seasons, I hope that Mullins can be part of that routine in some shape or fashion.

I love having our children come on Wednesdays and Sundays, telling me all about their weeks at school. We write and draw in our Blessing Journals to keep track of all of our blessings throughout the week. We are about to begin new and exciting Bible series that keep the kids engaged while learning about God's love and how he fits into our daily lives.

I have so many fun things planned for our children for the next several months and I want our congregation and our community to be a part of it all!!

NURSERY WORKERS!!

Volunteer: A person who freely offers to take part in an enterprise or undertake a task

Mullins is a community. As a community, we share common interests and goals for our church. One of those goals is to see the church thrive; to see the church succeed. In order to do that, we need to be present. When the people of our church see a need, we try our hardest to fill it. That's what I think makes this church so great.

As our children's program and nursery grows, we need the volunteers to be there so that we have a safe and fun environment for our little ones to grow.

Please take one Sunday between now and December. There is a sign-up sheet outside of the sanctuary. Or you can contact me!

During the Week:

Sunday Mornings:

*Sunday School 9:00-9:45 (ages 4 +)

*Nursery 9:00-12:00

*Children's church (3-5 yrs old) during 10:50 service after children's message

Sunday Mornings in Sprouts

Everybody gets scared sometimes.

In this four week series, we will learn about Jesus being the Light of the World. With Jesus lighting our way through the darkness, things that have frightened us start looking less scary.
