Sponsorship Form: Heifer International Read-to-Feed

In Read to Feed, students enlist sponsors who agree to pledge a donation -- a dime, a quarter a dollar, any amount-- for each book the students reads. At the end of the program, students collect their pledges, pool their money, and donate it to Heifer to purchase livestock and training for families in need.

Students who raise $20 can purchase a flock of chicks. A $250 collection buys a water buffalo. A $500 collection can be used to buy a cow, which can provide milk for growing families, who can sell extra milk to pay for their children's schooling or for health care. The dollars we donate help families move from poverty and hunger toward self-reliance.

Every gift multiplies through Heifer's Passing on the Gift, in which families who receive livestock and training share the first-born offspring of their animal and they training they receive with another family, creating an ever-widening circle of hope.
