

# Maanza a Leza, “Hands of God” Progress Report

## *Final Progress Report 2024*

Trust in the Lord with all your heart and lean not on your own understanding; acknowledge Him in all your ways and He will make your paths straight. Proverbs 3:5-6

## **Maanza a Leza’s Ministry in Sichibeya Zambia**

In early June the plastering on the outside of the five classroom building was being completed. The classrooms are almost ready for use. In Zambia the government will have to declare that this school can be used for grades Pre-K thru 12. Since 2021 the school has served students Pre-K through grade 10.

There are 7 students who will graduate from schools in neighboring areas in December, ending Maanza a Leza’s time for sponsoring students outside of Sichibeya. Our prayers are that future students will have a wonderful school experience and become high school graduates from their own village school. The villagers and Maanza a Leza should have God’s dream of a finished facility realized soon.

*God continues to show up and show out in His mysterious ways for Maanza a Leza!*

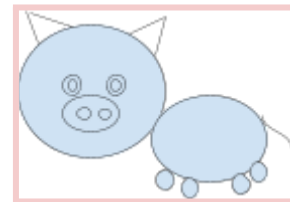

## Maanza a Leza's Ministry in the USA

In Johnson City, KS, Muka Kambol, our liaison and Mullins member, gave a presentation about Maanza a Leza to the United Women in Faith from the two churches that her husband serves: Manter United Methodist and Johnson 1st United Methodist. They requested a jewelry party to help raise funds for Maanza a Leza. One of the members of those churches is willing to host the party at Manter Church (photo to the left.) Debi Gray, Mullins

member and founder of Maanza a Leza with Muka Kambol will be active participants in the jewelry sale fundraiser in Kansas. The graciousness of Christian followers shows up in Kansans willing to support the mission's school addition goal.

Our building administrator in Zambia gave Muka an estimate that it would cost about \$4000 to finish this project. MaL looks forward to the proceeds from the Kansas United Women in Faith and to the proceeds from the planned fundraisers for the remainder of this year.
